Concurrent 7 Sub-expos Covering Entire Optoelectronic Ecosystem

CIOE 2024 (the 25th China International Optoelectronic Exposition), the world's largest and most influential optoelectronic event, will be held at Shenzhen World Exhibition and Convention Center from September 11 to 13, 2024. Concurrent seven sub-expos cover the fields of information and communication, laser, infrared, precision optics, camera and module, sensing, display, and photonics innovation, presenting a one-stop professional platform for branding exposure, business negotiation, and networking for optoelectronic players and professionals.

Information and Communication Expo

 Optical Communication Chip	 Optical Subassembly	 Optical Communication Device	 Optical Communication Module	 Optical Communication Transmission Equipment	 Optical Communication Data Center Equipment	 Broadcasting Communication Equipment	 Wireless Communication	
 Optical Fiber Material	 Optical Fiber Cable / Fiber Sensing	 Wiring Product	 Wire and Cable	 Wire and Cable Manufacturing Equipment	 Instrument	 Semiconductor Material	 Semiconductor Equipment and Manufacturing	 Operation and Service

Lasers Technology & Intelligent Manufacturing Expo

 Laser Material and Component	 Lasers	 Laser Component and Auxiliary System	 Laser Equipment	 Mechanical System and Numerical Control System	 3D Printing / Additive Manufacturing	 3C Electronic Intelligent Equipment	 Robot and Industrial Automation
---	---	---	--	---	---	--	--

							
							
							

Infrared Applications Expo

 Infrared Material	 Infrared Component	 Infrared Equipment and Imaging	 Testing and Manufacturing Equipment	 Millimeter-Wave Technology and Application	 Terahertz Monitoring and Imaging	 UV Technology and Application
--	---	---	--	---	---	--

Precision Optics Expo & Camera Expo

Intelligent Sensing Expo

Photonics Innovation Expo

Display Technology Expo

From Technologies to Applications

Visitor Breakdown by 9 Application Fields

Optical Communication	32.72%	●
Advanced Manufacturing	17.21%	●
Consumer Electronics & Entertainment	16.05%	●
Semiconductor Processing / Manufacturing	12.18%	●
Sensing and Measurement	6.25%	●
Defense and Security	4.57%	●
Lighting / Displays	4.52%	●
Medical	4.29%	●
Energy	2.21%	●

Overseas Visitor Analysis 3,013 Overseas Visitors from 97 Countries and Areas

Top 10 Countries

Visitor From 9 Application Fields

Optical Communication, Information Processing & Storage

19.41%	Optical Communication Chip
18.87%	Optical Device
16.01%	Optical Module
12.27%	Optical Fiber / Cable
11.05%	Optical Subassembly
5.46%	Telecom Operator
5.10%	Equipment Provider
3.04%	Data Center Service Provider
2.44%	System Integrator
1.82%	Internet Service Provider
1.71%	Contractor
1.70%	Network Planning, Design and Maintenance
1.12%	Others

Advanced Manufacturing

16.10%	Optical Component
14.03%	Camera and Module
11.71%	Optical Manufacturing and Processing Equipment
11.18%	Intelligent Equipment
10.01%	Optical Material
7.69%	Industrial Robot
7.01%	Laser Processing Equipment
6.65%	Automotive OEM
4.30%	Industrial Laser
3.63%	Machine Vision
3.56%	Hardware Mold
2.63%	3D Printing
1.50%	Others

Consumer Electronics

20.47%	Cell Phone
15.15%	AR/VR
12.64%	Automotive Electronics
11.88%	Household Appliance
9.33%	Service Robot / Drone
8.52%	Intelligent Automotive
7.31%	Tablet PC / Computer / Peripherals
5.29%	Wearable Electronics
3.87%	Intelligent Payment Device
3.33%	Intelligent Cockpit
2.21%	Others

Defense / Security

24.00%	Surveillance Equipment and System
22.01%	Infrared Product
14.02%	Aviation / Aerospace
11.66%	Security System Integrator
5.41%	Access Control Product and System
4.77%	Security Distributor / Agent
4.21%	Fire Fighting / Police
4.10%	Security Contractor
3.70%	Security Inspection
3.36%	Ocean / Shipping
2.76%	Others

Medical

21.86%	Medical Endoscope
20.17%	Medical Testing Equipment
16.66%	In Vitro Diagnosis Equipment
14.68%	Medical Therapy Equipment
12.11%	Medical Robot
8.19%	Medical Beauty Equipment
5.19%	AI Medical Enterprise
1.14%	Others

Sensing, Measurement

48.05%	Intelligent Sensor
35.44%	Testing and Measuring Equipment
7.12%	Sensor Distributor / Agent
6.65%	Internet of Things
2.74%	Others

Semiconductor Processing / Manufacturing

27.93%	Semiconductor Manufacturing
23.84%	Semiconductor Equipment
20.32%	Semiconductor Material
14.71%	Fabless
7.90%	PCB
5.30%	Others

Lighting & Displays

31.21%	Packaging / Lighting
20.04%	Display Material and Component
16.11%	Display Module
15.02%	Display Panel
11.52%	Touch Screen
6.10%	Others

Energy

37.08%	Lithium Battery
22.71%	Solar Energy
15.78%	Power Network
11.84%	Petroleum and Petrochemical
6.98%	Coal Industry
5.61%	Others

Visitor Analysis

About CIOEC

The concurrent China International Optoelectronic Conference (CIOEC) focuses on academic, industrial and application hot topics for information and communication, optics, laser, infrared, and various emerging application fields. Industry experts, leading companies, scholars gather to have an in-depth communication and discussion on the latest technologies and research directions, hot spots, and market trends in the optoelectronic industry.

Attendees

2024 Tentative Topics

Information and Communication Industry Forums

- Optical Transmission Technology Development in the Era of Computing Power
- 100G Optical Access Technology Development
- Optical Technology Evolution Trend in Intelligent Computing Centers
- Optoelectronic Chip Design, Manufacturing, and Packaging Technology

Optics Industry Forums

- Ultra-precision and Micro-nano Optical Device Manufacturing Technology
- Advanced Optical Inspection Technology
- Medical Endoscope Imaging Industry Development
- Optics Vacuum Coating

Infrared Industry Forums

- Advanced Infrared Materials and Devices
- Application of Infrared Technology in Power System
- Infrared Thermal Detection and Visual Inspection in Industrial Application

Laser Industry Forums

- Advanced Laser Technology Facilitating the Localization of Semiconductors
- Laser Technology Enabling Medical Development
- Laser Technology Enabling New Energy Development
- Laser Micro-nano Processing and Manufacturing Technology

Optoelectronic + Application Forum

To explore the application of optoelectronic technology in various fields such as intelligent automotive, AR/VR, security, smart home, mobile robotics, 3D vision, warehouse logistics, and sensors, the forums will focus on the hottest topics covering "Optoelectronic + Automotive/Consumer Electronics", "Optoelectronic + Manufacturing" and "Optoelectronic + Vision".

International Forums

CIOE will co-host with the international authoritative consulting corporation Yole Group for theme forms, looking into the development direction of global market and forecasting the future trends. Besides, CIOE will jointly collaborate with international institutions such as ePIXfab, and EPIC to discuss latest innovative photonics technology and breakthrough.

Optoelectronics Global Conference (OGC)

Optoelectronics Global Conference (OGC), concurrently held at CIOE, is the first global optoelectronic academic conference in Asia under the IEEE. It covers themes on the industries of optics, optical communications, laser, infrared, optical fiber sensing, etc.

Year-round Value-added Services

Precise Marketing with Big Data

CIOE has a vast database of millions of buyer categorized into nine application fields including communications, manufacturing, consumer electronics, security, medical, semiconductors, energy, sensing, lighting and display.

Channels not limited to: Official Website, E-newsletter, LinkedIn, Facebook, X (Formerly Twitter), Wechat, on-site ads, Visitor Guide and a multi-dimensional marketing matrix of 160+ media partners.

Premium Business Matchmaking

CIOE collects buyers' procurement demand and provides one-to-one business matchmaking by recommending matchable exhibitor and product list. Furthermore, CIOE will pre-schedule the private meeting for on-site business negotiation and offer exhibitor/product search service to facilitate efficient procurement connections.

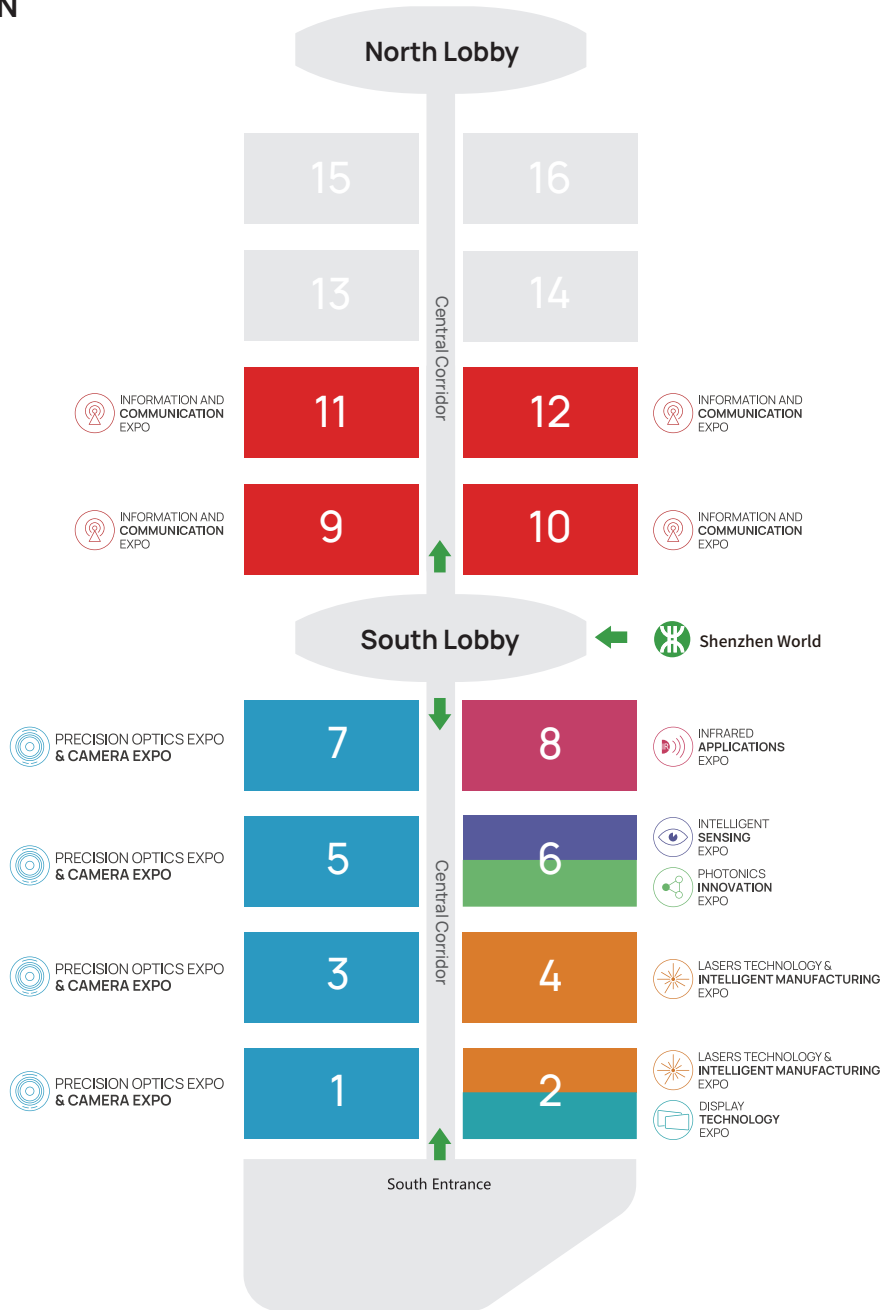

Collaboration with Associations

By integrating resources from various parties and maintaining friendly cooperation with industry associations, we collaborate through activities such as delegation visits, business matchmakings, and concurrent co-hosted forums to promote rapid industry development. This collaboration facilitates deeper communication and cooperation among industry professionals.
